

## ERASMUS+ ICM EXCHANGE PROGRAMME

### ANNOUNCEMENT OF MASTER RESEARCH STAY AT UNIVERSITY OF BERGEN, NORWAY, UNDER THE ERASMUS+ INTERNATIONAL CREDIT MOBILITY (ICM)

#### BACKGROUND

- Are you a motivated Master's or PhD student in Mathematics or Statistics enrolled at the University of Dar es Salaam?
- Are you ready to boost your dissertation work with international researchers, and experience life in one of the world's most beautiful university cities?
- The Erasmus+ ICM research stay at the University of Bergen (UiB) could be your next academic milestone.

#### WHAT THIS OPPORTUNITY OFFERS

- One full semester (1 August – 18 December 2026) at UiB's Department of Mathematics
- Full-time work on your Master's thesis (no coursework)
- Dedicated academic supervision
- Access to a leading research environment in mathematics and statistics

Your thesis topic must fall within Mathematics or Statistics and match Department of Mathematics' research competence: <https://www.uib.no/en/math#>

#### WHY YOU SHOULD APPLY

- Strengthen your thesis with expert guidance
- Gain international research experience
- Build academic networks for future PhD opportunities
- Live and study in Bergen—mountains, fjords, and a vibrant student community: <https://www.studybergen.com>

#### FUNDING

- €900,- per month for 5 months to cover housing and living costs
- €1735,- Return air Ticket (Tanzania ↔ Norway)
- Visa expenses covered (NOK 5000) (with documentation)
- No tuition fees will be charged at UiB

Students with disabilities or special needs may qualify for additional financial support under Erasmus+ inclusion schemes. UiB can help document needs so that inclusion funding can be assessed ([incoming@uib.no](mailto:incoming@uib.no)).

#### HOUSING GUARANTEE (SAMMEN)

All incoming exchange students receive guaranteed student housing through Sammen. Autumn housing contract is from 1 August to 31 December 2026.
