## Conference Goal

The goal of the conference on “The Future of Educational Research in African Contexts” is to explore and discuss the challenges, opportunities, and potential future directions of educational research in African contexts. The conference aims to bring together scholars, researchers, educators, policymakers, and other stakeholders to share their experiences, knowledge, and insights on the current state of educational research in Africa, and to identify ways to enhance its quality and relevance. Through keynote speeches, panel discussions, and paper presentations, the conference will examine a range of issues. Ultimately, the conference seeks to promote collaboration and knowledge sharing among stakeholders in the field of educational research, and to contribute to the development of evidence-based policies and practices that can improve the quality of education and research in African contexts.
