Conference Theme: *“Sustainable and Inclusive Development: An Accounting and Finance Perspective”*

CONFERENCE DESCRIPTION

The conference provides a unique international forum and an opportunity for researchers, policy makers and business community, to exchange views, share experiences and disseminate research findings and practical lessons on how accounting and finance disciplines may contribute towards sustainable development. Given the potentials and roles that accounting and finance disciplines play towards sustainability, the 5th International Conference on Accounting and Finance in Emerging Economies (ICAFEE), previously International Conference on Natural Resources Accounting and Finance, (ICNRAF), carries the theme of *“Sustainable and Inclusive Development: An Accounting and Finance Perspective”*.

Conference Themes

- Sustainability Reporting
- Social and Environmental Accounting
- Micro-Financing, and SMEs (including IFRSs for SMEs)
- Sustainable Accounting and Financing of Oil and Gas Projects
- Sustainable Accounting and Finance Practices in the Digital World
- Financial services, banking and insurance
- Sustainable Investment and Financing
- Integrated and Corporate Reporting
- Auditing, Fraud and Corruption
- Fiscal systems and Taxation
- Other themes as per detailed guidelines
