

# UNIVERSITY OF DAR ES SALAAM

## Office of the Deputy Vice Chancellor - Research Directorate of Research and Publication

### Research Funding Opportunities with Deadlines in the First Quarter of 2026 Group 12 30<sup>th</sup> January 2026

#### 1. UNITAID - INSPIRE: Supply Chains for Maternal & Newborn Health

**Deadline:** 20 March 2026 (12:00 CET)

**Focus:** Multi-country research and interventions to remove systemic barriers to Maternal and Newborn Health (MNH) products.

**Indicative Grant Size:** \$25m for a single selected consortium.

**Eligibility:** Multi-country consortia (Ministries, Research Institutions, NGOs). UDSM is eligible as a key research partner within a larger group.

**Prep:** Identify national MNH bottlenecks; align with MoH priorities; partner with a lead agency to form a multi-country consortium.

#### 2. SADC TFCA (SADC Secretariat / IUCN) - Green Economy & Livelihoods (Verified)

**Deadline: 31 March 2026**

**Focus:** Sustainable energy, eco-tourism, and innovative finance for livelihoods in Transfrontier Conservation Areas (TFCAs).

**Indicative Grant Size:** €300k - €950k (USD 325K - 1M).

**Eligibility:** Research institutions and public bodies in SADC (Tanzania is a key member).

**Prep:** Your project must demonstrate impact within a SADC TFCA (e.g., Serengeti-Mara or Niassa-Selous).

#### 3. NIH Fogarty - Mobile Health (mHealth) in LMICs (R21/R33)

**Deadline:** 20 February 2026 (LOI); 20 Mar 2026 (Full Application)

**Focus:** Development and validation of mobile health technologies (mHealth) to improve health outcomes in LMICs. Supports the transition from pilot to scale.

**Indicative Grant Size:** Up to \$800k

**Eligibility:** Foreign institutions in LMICs (UDSM) or U.S. institutions in collaboration with LMIC partners.

**Prep:** Identify a U.S. partner; define milestones for the R21 (pilot) to R33 (scale-up) transition; submit mandatory LOI by Feb 20th.

#### 4. Lung Cancer Research Foundation (LCRF) - 2026 Research Grants

**Deadline:** 10 March 2026 (LOI)

**Focus:** Prevention, early detection, and overcoming resistance mechanisms in lung cancer. Specific tracks include Leading Edge Research and Disparities.

**Indicative Grant Size:** Up to \$150k (over 2 years)

**Eligibility:** Researchers at non-profit academic institutions worldwide (UDSM researchers eligible).

**Prep:** Submit a 2-3-page Letter of Intent (LOI) via Proposal Central. If invited, full proposals are due in June 2026.

#### 5. Fulbright African Research Scholar Program (ARSP)

**Deadline:** March 2026 (Varies by Embassy - Check U.S. Embassy Dar es Salaam)

**Focus:** 3-9-month research residencies at U.S. universities for faculty to conduct research in any academic discipline.

**Indicative Grant Size:** Stipend, travel, and research allowance (Total value ~\$100K+)

**Eligibility:** UDSM faculty with a PhD or equivalent terminal degree; minimum 3 years teaching experience preferred.

**Prep:** Draft a research proposal; secure a letter of invitation from a U.S. host institution; apply through the U.S. Embassy portal.

**URL:** <https://tz.usembassy.gov/fulbright-program/>

*UDSM researchers are highly encouraged to apply*
