

The 4th Tanzanian Oil and Gas Conference and Exhibitions (TOGaCE-2016)

“Oil and Gas Towards Growth”

Conference Invitation

Julius Nyerere International Convention Centre, Dar es Salaam, Tanzania

20-21 October 2016

We are pleased to announce and invite participants to the upcoming 4th Tanzanian Oil and Gas Conference and exhibitions (TOGaCE).

The conference will provide participants with the latest technological advances and innovations, solutions, experiences from elsewhere in the world, and insights from leading researchers and industry professionals.

TOGaCE is the only conference and exhibition that showcase the Tanzanian oil & gas industry. TOGaCE delivers both broad and high-calibre audience from the industry, government, NGOs, CBOs, the Press and the community at large.

Conference Thematic Priorities

1. Status of investment in oil and gas sector in Tanzania (Upstream and Downstream) - past, present and future.
2. Technologies for value addition of natural gas - experiences from other countries.
3. Utilization of natural gas – present and future.
4. Gas Policy and Local Content Policy - opportunities and challenges for their implementation.
5. Regulatory framework, strategies and institutional arrangement.
6. The world energy outlook – the future of natural gas in the energy mix
